**AUSTRALIAN WOMEN'S
SOCCER ASSOCIATION**

MESSAGE FROM THE PRESIDENT

On behalf of the Australian Women's Soccer Association (AWSA), it gives me great pleasure to welcome all players, coaches, support staff, parents and friends to the 1996 National Senior Championships.

It has been seven years since we have had the opportunity to bring elite women's soccer to the Northern Territory and in the intervening years, the sport has experienced unprecedented growth. The AWSA is committed to 'sharing' the tournament around its various state members and the 100% participation by all states is testimony to their commitment and efforts in fundraising for the highest competition that women's soccer has to offer.

With the Atlanta Olympics over, our attention is now directed towards the 1999 World Cup in the United States and of course, Sydney 2000. Having just returned from an international tour, with some magnificent performances and results against two of the world's best countries (China and the USA), the national squad is about to embark on an unprecedented development program leading into Sydney. As always, the AWSA appreciates the financial support offered by both the Australian Sports Commission and the Australian Olympic Committee and looks forward to continued and increased support over the next four years.

Women's soccer in Australia is healthier than ever. Registrations are up in all state associations and there is a growing interest in the sport throughout the country. Our relationship with Soccer Australia continues to improve and I welcome and thank the various staff members of Soccer Australia that will be present throughout the week and have contributed to the staging of the Championships.

The AWSA is committed to ensuring that this growth continues and all opportunities are optimised. A recent Planning workshop conducted by the organisation stated as our vision 'Women's Soccer - capturing the imagination of Australia' and events such as this week certainly go along way to fulfilling this objective.

I'm sure that we will continue to see the exceptionally high playing standard that we have come to expect from these Championships - a sign of the success of the various developmental and skills programs that states have implemented. The pressure will be on New South Wales to make it an unprecedented four wins in a row, whilst up and coming teams such as the ACT and South Australia will be vying for their first.

In conclusion, I would like to take this opportunity to congratulate Mr Warren Fisher, General Manager of the NT Soccer Federation, Ms Sarah Cooper, Development Officer and other committee members for their efforts to date and for contributing to what I am sure will be a tremendous week of women's soccer.

Once more, I wish everyone concerned a successful week ahead.

Dennis O'Brien
President

MESSAGE FROM THE MINISTER

I welcome the eight visiting teams to Darwin for the Australian Women's Soccer Association Senior National Championships.

These championships are the third time the Northern Territory has hosted the premier women's soccer event, the last being in Alice Springs in 1987.

Soccer remains one of the Territory's most progressive sports with the NT Soccer Federation working with the Government to establish a purpose-built, world class venue at Marrara Sporting Complex in the near future.

I am confident both players and officials here for these championships will enjoy the surrounds of the picturesque Gardens Oval during this week-long carnival.

I wish all teams every success and trust our visitors find time to enjoy some of the hospitality which has made the Territory such a great place to visit.

Good luck.

STEVE HATTON
Minister for Sport and Recreation.

CONVENOR'S MESSAGE

Welcome to the great city of Darwin.

It is some 17 years since this unique city hosted an Australian Women's Soccer National Championships and I am sure little has changed in respect of the renowned hospitality of the Top End.

Much has changed, however, in the unprecedented success of the senior national team and the newfound opportunities that are presented to our elite players.

I firmly believe that the players, coaches, supporters, sponsors and administrators involved in women's soccer at present will participate in the most exciting period of growth our sport has ever experienced in the coming four years.

To all participants who have won senior state selection, and in particular to the many players who will achieve that honour for the first time in Darwin, I wish you every success at these championships.

You will all note the various advertisements and acknowledgements contained in this commemorative programme. As at all championships, we could not provide the level of facilities and hospitality you will enjoy without the assistance of these groups and individuals.

I urge readers of this programme to take note of the advertisements and to support those companies whenever and wherever possible during your stay.

I must also thank the Northern Territory Government and the Darwin City Council who continue to provide to soccer the highest level of assistance, advice and encouragement.

Warren Fisher
General Manager
Northern Territory Soccer Federation

AWARDS INFORMATION

Players at this year's National Championships should be made aware of the new awards being presented at the Presentation Dinner on Saturday night. A brief description of the awards follow:-

Most Valuable Player

This award is voted by the players and team officials. As the title depicts, each player and team official will vote for their most valuable player for the tournament. Each player will allocate three points for their most valuable player, and two and one points for their subsequent picks. Players must not vote for a player from their own state. The Most Valuable Player will receive a personal trophy as well as an attractive perpetual trophy to keep for the year.

1996 Senior All Star Team

Eleven players will be selected for the 1996 Senior All Star Team on the basis of their performances at this year's National Championships. The All Star Team will have no connection with the National Team Program, nor should it be confused with being a national team. It is purely a team selected, with players allocated to positions, on the basis of performances at the Championships. This team will be selected by a committee comprising the National Coach and the State Coaches. Players will receive a polo-shirt and a photograph of the 1996 Senior All Star Team.

Fair Play Award

This award is based loosely on the FIFA Fair Play Award, featured in FIFA's World Cup and Olympic Tournaments. Four criteria are considered in the calculation of this award:

- 1) Yellow and red cards
- 2) Respect towards the opponent
- 3) Respect towards the referee
- 4) Behaviour of team officials

This award is monitored, judged and calculated by a committee consisting of members of the AWSA Board and the Organising Committee.

The Fair Play Award replaces the former CAPS Award (no longer presented) and a shield will be presented to the winning team.

MESSAGE FROM REFEREES

With the continuing growth of Women's soccer at all levels there is unfortunately not a similar growth of women as referees.

The players today have opportunities from club soccer through to international soccer.

This same opportunity exists today for women as referees. With FIFA only recently recognising women referees at international level, it therefore means that the immediate opportunity for women referees is perhaps far greater than for their male counterparts.

Some states do better than others with women referee numbers and unfortunately not all states have women referees. We must all take some responsibility to see this situation is turned around and that suitably qualified women referees will be available to cover all future Women's National Championships as well as taking their place in national competitions.

During this national Championship I would take this opportunity to encourage players and all involved in women's soccer to give serious consideration to another important part of the game, refereeing. Please take the opportunity to speak with our National Director of referees or myself on this matter during the Championships.

On behalf of Soccer Australia National Referees Commission, our National Director of Referees, Gary Power may I wish the AWSA, players and referees a very successful Championship.

Ron Beaumont

Crocodylus Park is Darwins most unique attraction. Set amongst extensive palm gardens, on the outskirts of Darwin, Crocodylus Park features a comprehensive crocodile museum devoted to the 'secret lives' of the world's 22 species of crocodilian. Displays within it deal with the evolution of crocodiles and their relationship with dinosaurs, crocodilian biology, behaviour, anatomy and physiology, crocodilians and human culture, surveying, crocodile attacks, and much, much more.

Aspects of the Northern Territory's crocodile management program feature prominently, informing visitors about the program to conserve Saltwater Crocodiles through their sustainable use.

Crocodiles and Alligators ranging in size from 60 cm to 4.7 m in length are on display at Crocodylus Park. A major feature is the world's most sophisticated set of breeding pens, designed to investigate captive breeding in Saltwater Crocodiles. These large predators can be viewed closely, in total safety, from shaded walkways over the pens.

Comprehensive guided tours and crocodile feeding are held daily, at 11 am and 2 pm.

Care of injury

The RICE program (Rest, Ice, Compressions and Elevation) reduces swelling and bleeding to help the body repair and recover quickly.

Avoid drinking alcohol or applying heat to injury as this increases blood flow and swelling and slows down recovery.
